

RAISING READERS IN STORY COUNTY BOOK DRIVE!

Help collect children's books for children in Story County!

Raising Readers in Story County (RRSC) created the innovative Gift Books program to distribute new and gently used books to children who have few books at home. RRSC collaborates with partner agencies in order to reach families with low incomes and other risk factors. These partners include Women Infants and Children (WIC) Clinics, food pantries, Early Head Start and Head Start, Good Neighbor, Salvation Army, and others. Children's books are also distributed through Little Free Libraries, and in our other programs all designed to support the literacy and language development of children in our county. **By collecting and donating children's books YOU are encouraging children to read more by offering selections of free books to match their interests and reading levels!** We need YOUR support!

Thank you!

Please donate children's books for children between the ages of 0 to 8.

New children's books can be used in our Gift Books, StoryPals, Harrison Barnes Reading Academy, Story Time, and Preschool Reading Buddies programs.

Used children's books can be used in our Little Free Library program.
